

# My Order Portal

<https://myorderportal.com>

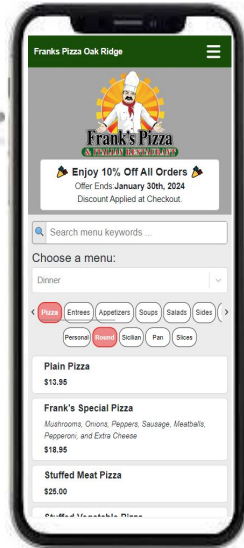

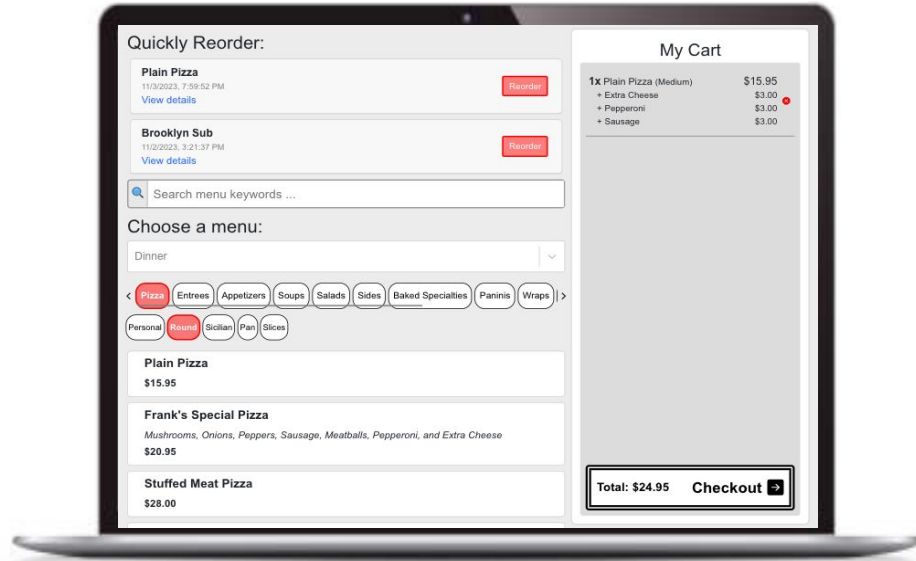

# Our Product

We offer a full end to end online ordering system that includes *Payment Processing, Order Printing* in store and an *Admin Portal* that lets you stay on top of everything.

Our website is fully responsive across all devices. Your customers can even save their favorite orders for later.

From the time your customer places an order, all the way up until completion, My Order Portal has you covered.

# Receipt Printing

As part of our services we provide your restaurant with a top of the line Star Micronics thermal receipt printer.

After a new order is placed and payment for the order is confirmed online, the receipts for the order will print in real time!

Your receipts will be personalized to include your restaurant's logo and details.

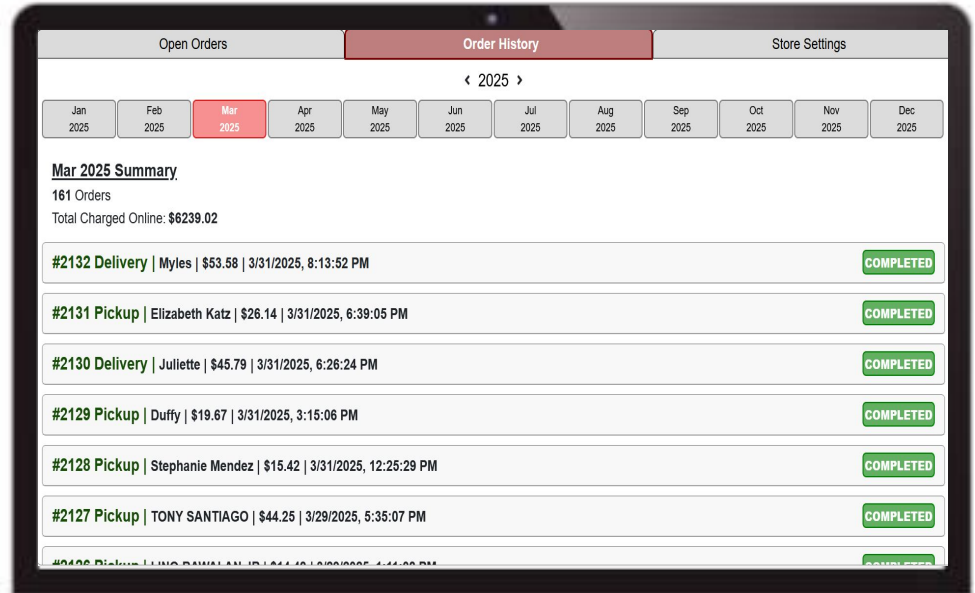

# Admin Portal

We provide you a tablet to help manage your orders through your restaurant's personalized Admin Portal.

Just log in on the web to your Admin Portal you can effortlessly open/close your store, update menus on-the-fly, and efficiently handle orders from start to finish!

You can manage your orders from any device that you can get internet connection with, along with the tablet in store!

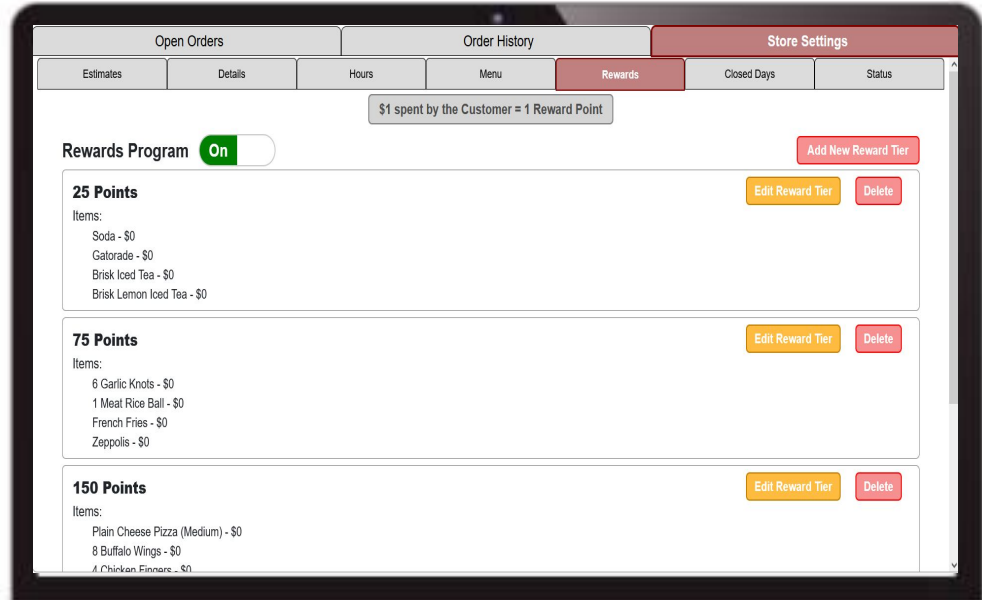

# Rewards Program

We offer a fully customizable rewards program that can be tailored for your needs.

\$1 spent is 1 reward point. Add your own tiers and items for those tiers.

This keeps customers happy and coming back!

# Promo Codes and Gift Cards

With our app you can easily generate gift cards and promo codes that customers can use at checkout.

Gift Cards bought on our site will automatically be deposited into your account same day!

**Users can even check their gift card balance right on the website!**
