

Add high-margin online ordering and hardware residuals to your portfolio.

A channel program for POS resellers, ISOs, merchant services agents, and hardware distributors who want to bundle modern restaurant ordering without taking over the merchant processing relationship.

Why partners choose Order Portal

- **Protect processing residuals**

Gateway-agnostic connections via MX Merchant, Authorize.Net, and Maverick Payments.

- **Turnkey hardware**

Pre-configured Star Micronics CloudPRNT, Epson IP printers, SpacePole mounts, and tablets.

- **Monthly software residuals**

Transparent wholesale pricing tiers built for sales agents and POS dealers.

- **Enterprise-ready compliance**

Native AgeChecker.net verification, branded iOS/Android apps, and Google ordering.

Who we partner with

POS Dealers and VARs - Online ordering that prints to kitchen line printers without POS bloat.

ISOs and merchant agents - Bundle ordering into your processing pitch and raise account LTV.

Hardware integrators - Package printers, mounts, and tablets as complete restaurant kits.
